STUDENT OPINION SURVEY

HOW TO FILL IN THE *ONLINE QUESTIONNAIRE*

Who must fill in the questionnaire

All attending students must fill in the questionnaire in relation to the courses (AD) attended in the current academic year (attending students are those who have attended at least 50% of the lessons). The compilation usually takes place at 2/3 of the lessons, and it is essential to proceed with the online booking of the exam relating to the evaluated course.

Those who have not attended at least 50% of the lessons, or have attended the course in the past, at the time of booking the exam session are required to fill in the questionnaire for "non-attending students", which will be activated by answering "non-attending or less than 50%" to the first question

Anonymity of the questionnaire

In all cases, the teaching evaluation questionnaire is anonymous. Once the questionnaire has been confirmed, in fact, the answers are completely "detached" from any identifying information of the student and saved in separate tables.

How to access the questionnaire?

1. **Connect to the <https://uniss.esse3.cineca.it/Home.do> and log in with the username and password already provided.**
2. **Click on the item "Questionnaires" and then "Questionari valutazione attività didattiche" (teaching courses), present in the menu on the left (see image below).**

The list of courses to be evaluated will be displayed: in correspondence to each course, with the exception of those that have yet to be attended, there is an icon on the right depicting the questionnaire, which is red if the questionnaire has not yet been completed, yellow (for integrated courses) if the questionnaire has not been completed for all modules of the course (AD), but only for some, green if it has already been filled in.

Indietro

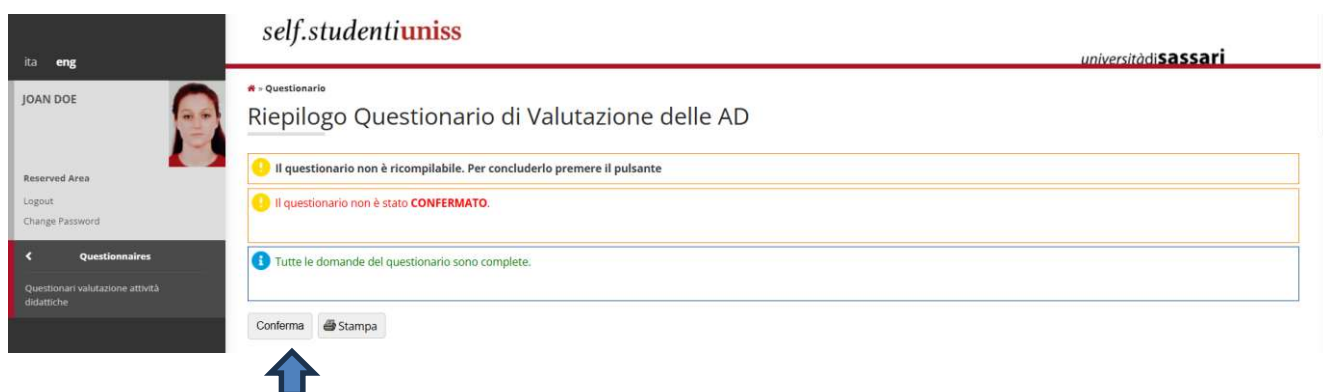

Great attention must be paid to the first question of the questionnaire relating to the percentage of attendance: different questions will be proposed depending on whether the student is attending in the current academic year (at least 50% of the lessons attended up to that moment) or not attending (less than 50%).

5. Proceed with the compilation and press on the button “Avanti” to scroll through the pages of the questionnaire. When you have finished the compilation, press the button “Conferma”.

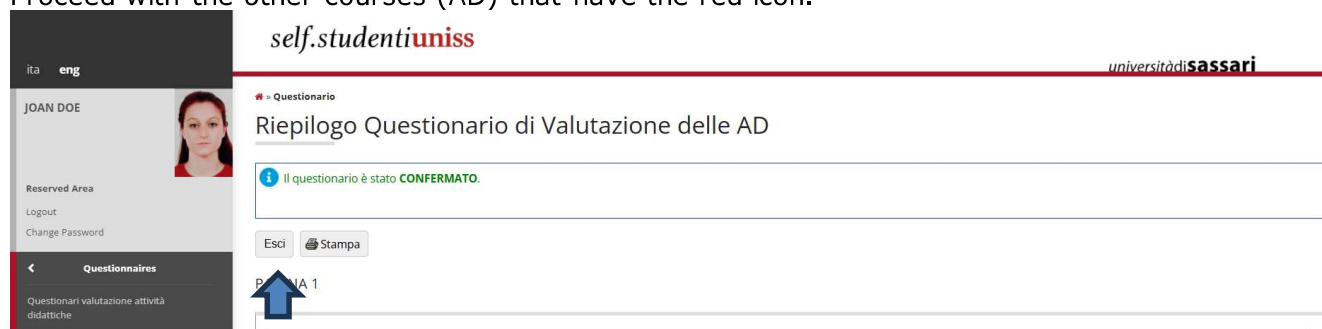

It is possible, before confirming the questionnaire, to go back to edit it, through the button “Modifica”.

The questionnaire is considered completed only when the confirmation takes place.

Once the questionnaire is confirmed, the window opens “Pagina riassuntiva con i questionari compilati o compilabili” in relation to the course (AD) evaluated. Click “esci” to return to the home page.

Proceed with the other courses (AD) that have the red icon.

When access to the questionnaire?

The compilation of the questionnaires begins in the period corresponding to 2/3 of the lessons of each course, your professor will communicate it during the lesson. In any case, the opening period for filling in the questionnaire will be recognizable by the presence of the red icon next to each course (AD) attended. Once the compilation period has opened, students are invited to complete the questionnaires as soon as possible.

Online booking for exams and filling in the questionnaire

It is also possible to fill in the questionnaire within the page "Prenotazione Appelli" (Esami > Appelli in the menu on the left).

When an exam session is open for booking, the system will check if the questionnaire has been completed: if not, a message will invite the student to fill in the questionnaire before proceeding with the booking.
